CCG STRATEGIC OBJECTIVE *(See guidance notes on page 4)*

Integrated Delivery

Short summary as to how the report links to the CCG's strategic objectives

The Local Quality Premium Scheme supports the CCG objective of Integrated Delivery through the delivery of community frailty services, chronic disease management and redesigned pathways across primary, community and acute care.

IMPLICATIONS: *(summary of key implications, including risks, associated with the paper),*

Finance	Financial implications of the Local Quality Premium are included within the CCG's 2018/19 financial plans.
HR	None specific to this report.
Quality	It is anticipated that the Local Quality Premium scheme will improve the quality of care received by patients across a range of areas.
Safety	None specific to this report.

ENGAGEMENT: *(Explain what engagement has taken place e.g. Partners, patients and the public prior to presenting the paper and the outcome of this)*

The ICC project group have developed this scheme with community geriatricians and primary care GPs as part of the Phase 1 implementation.

LEGAL ISSUES: *(Summarise key legal issues / legislation relevant to the report)*

None

EQUALITY AND DIVERSITY ISSUES: *(summary of impact, if any, of CCG's duty to promote equality and diversity based on Equality Impact Analysis (EIA). All reports relating to new services, changes to existing services or CCG strategies / policies must have a valid EIA and will not be received by the Committee if this is not appended to the report)*

	Tick relevant box
An Equality Impact Analysis/Assessment is not required for this report.	√
An Equality Impact Analysis/Assessment has been completed and approved by the lead Director for Equality and Diversity. As a result of performing the analysis/assessment there are no actions arising from the analysis/assessment.	
An Equality Impact Analysis/Assessment has been completed and there are actions arising from the analysis/assessment and these are included in section xx in the enclosed report.	

THE NHS CONSTITUTION: (*How the report supports the NHS Constitution*)

The report supports the delivery of the NHS Constitution as the commissioning of primary care services will aid in the delivery of the following principles, rights and NHS pledges:

- 1) The NHS aspires to the highest standards of excellence and professionalism
- 2) NHS works across organisational boundaries and in partnership with other organisations in the interests of patients
- 3) Quality of care
- 4) You have the right to expect NHS organisations to monitor, and make efforts to improve, the quality of healthcare they commission or provide.

INTEGRATED DELIVERY FRAMEWORK – ADDITIONAL LOCAL QUALITY PREMIUM SCHEME 2018/19

1. INTRODUCTION

The purpose of this report is to present the Primary Care Commissioning Committee with an additional Local Quality Premium Scheme for 2018/19 to support the Community Frailty Pathway for approval.

2. BACKGROUND

Following the implementation of the local quality premium schemes implemented on 1 June, a further scheme is presented for the Primary Care Commissioning Committee to approve to support the Community Frailty Pathway which will aim to commence on 25 June 2018.

The scheme will support patients that have received an integrated assessment in the Jean Bishop Integrated Care Centre by providing a follow up appointment with a GP within the patient's own practice to ensure needs continue to be met. The scheme recognises that whilst the care of frail patients in the community is broadly within the scope of core general practice the new Community Frailty Pathway represents a new more pro-active/anticipatory way of working in primary care and a change in culture. The new model of care is expected to produce significant benefits by supporting frail people maintain their independence and achieve better health and well-being outcomes for patients.

3. RECOMMENDATION

It is recommended that the Primary Care Commissioning Committee consider and approve the additional Local Quality Premium scheme proposed for 2018/19.
