This is a controlled document. Whilst this document may be printed, the electronic version posted on the intranet is the controlled copy. Any printed copies of this document are not controlled. As a controlled document, this document should not be saved onto local or network drives but should always be accessed from the intranet.

Introduction

1. NHS England has a statutory duty to undertake an annual assessment of CCGs on an annual basis. This has been done under the auspices of the Improvement and Assessment Framework (IAF), with the overall assessment derived from CCGs' performance against the IAF indicators, including an assessment of CCG leadership and financial management.

2. Each CCG has received an overall assessment that places their performance in one of four categories: outstanding, good, requires improvement, or inadequate.

NHS England's annual performance assessment of CCGs 2017/18

3. Assessments have been derived using an algorithmic approach described in the accompanying methodology manual. This approach was agreed by the Commissioning Committee in June 2018.

4. The table below shows the assessment rating of each CCG.

5. Full details of an individual CCG's performance against the framework's indicators are available on the MyNHS website (at https://www.nhs.uk/mynhs).

6. NHS England commissions an annual survey of CCG partners (the CCG 360° stakeholder survey). The findings of the 2017/18 survey are published alongside this report.

CCG	Overall 17/18 rating
NHS Airedale, Wharfedale and Craven CCG	Outstanding
NHS Ashford CCG	Inadequate
NHS Aylesbury Vale CCG	Requires improvement
NHS Barking and Dagenham CCG	Requires improvement
