1. INTRODUCTION

1.1 NHS Hull Clinical Commissioning Group (the CCG) is committed to recognising individual abilities and will ensure that it creates an environment where employees can thrive and develop and where everyone feels valued and respected.

1.2 The Starting Salary and Reckonable Service Policy has been introduced to ensure a consistent approach is adopted, by recruiting managers, when establishing the starting salary and reckonable service for appointments to or within the CCG.

1.3 The 2018 framework agreement on the reform of Agenda for Change (AfC) introduced provisions to move to a new pay system which included a new 3 year deal covering 2018/19, 2019/20, and 2020/21. This deal incorporated increased starting salaries across all pay bands, a minimum rate of pay in the NHS to be set at £17,460 from 1 April 2018 – ahead of the Living Wage Foundation Living Wage and provisions to upskill Band 1 jobs to Band 2 roles during the 3 years of the deal.

1.43 This policy is intended to ensure fairness and equity within this process and is based on the NHS Terms and Conditions of Service Handbook and should be read in conjunction with Appendix 23 of these terms and conditions and the CCG's Pay Progression Policy.
~~This policy is intended to ensure fairness and equity within this process and is based on the NHS Terms and Conditions of Service Handbook.~~

1.54 Reckonable service should be identified by recruiting managers at the same time as starting salaries (see [Section 15](#))

1.65 The CCG is committed to ensuring that all personal information is managed in accordance with current data protection legislation, professional codes of practice and records management and confidentiality guidance. More detailed information can be found in the CCGs Data Protection and Confidentiality and related policies and procedures.

2. ENGAGEMENT

2.1 This policy has been developed by the eMBED Health Consortium HR Team in partnership with employees, managers and trade unions and approved at the Social Partnership Forum.

3. IMPACT ANALYSIS

3.1 Equality

- i. In applying this policy, the CCG will have due regard for the need to eliminate unlawful discrimination, promote equality of opportunity, and provide for good relations between people of diverse groups, in particular on the grounds of the following characteristics protected by the Equality Act (2010); age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, and

sexual orientation, in addition to offending background, trade union membership, or any other personal characteristic.

In developing this policy, an Equality Impact Analysis has been undertaken and the results are attached at [Appendix 3](#). Initial screening has revealed that the policy appears to have an adverse effect on people who share protected characteristics and further mitigating factors are included in the EIA and EIA action plan.

- ii. The application of this policy will be monitored to ensure fair application and a consistent approach, as follows:
 - Annual audit of pay to review all decisions to appoint staff above the minimum of the scale to ensure consistency and to monitor impact and assess whether any further action is required in any protected group.
 - These records will be cross referenced with ESR Recruitment and Equality and Diversity monitoring to ensure a consistent approach across the organisation.
 - Any deviation from this policy and procedure must be investigated on a case by case basis to ensure that the principles of fair pay both within equal pay legislation and within the National agreement on Terms and Conditions are followed.

3.2 Bribery Act 2010

NHS Hull Clinical Commissioning Group has a responsibility to ensure that all staff are made aware of their duties and responsibilities arising from The Bribery Act 2010.

The Bribery Act 2010 makes it a criminal offence to bribe or be bribed by another person by offering or requesting a financial or other advantage as a reward or incentive to perform a relevant function or activity improperly performed. The penalties for any breaches of the Act are potentially severe. There is no upper limit on the level of fines that can be imposed and an individual convicted of an offence can face a prison sentence of up to 10 years.

For further information see <http://www.justice.gov.uk/guidance/docs/bribery-act-2010-quick-start-guide.pdf>.

If you require assistance in determining the implications of the Bribery Act please contact the Local Counter Fraud Specialist on telephone number 01482 866800 or email at nikki.cooper1@nhs.net.

Due consideration has been given to the Bribery Act 2010 in the review of this policy document. Consistent application and monitoring of this policy will mitigate bribery in relation to starting salaries.

4. SCOPE

4.1 This policy will apply to all new appointments, transfers or promotions to, or within the CCG for those employed on Agenda for Change Terms and Conditions of Service.

The starting salaries for employees employed on other terms and conditions of service, i.e. clinical or VSM contracts will be determined in accordance with the relevant terms and conditions and approval process.

4.2 This policy should be read in conjunction with the Recruitment and Selection Policy, the Recruitment and Retention Premium Policy and other relevant recruitment policies.

Formatted: No Spacing, Indent: Left: 0.19 cm, Hanging: 1.06 cm

5. POLICY PURPOSE & AIMS

The aim of this policy is to give guidance to recruiting managers to ensure there is a consistent approach in determining a starting salary and reckonable service.

6. DEFINITIONS

- 6.1 **Unsocial Hours** – hours worked any time on Saturdays, Sundays, Public Holidays and any week day after 8pm or before 6am.
- 6.2 **Overtime** – authorised extra time worked in a week above standard hours (37.5 hours)
- 6.3 **Recruitment and Retention Premia** – an additional payment made to an individual or specific group of posts where market pressures would otherwise prevent the employer from being able to recruit staff to and retain staff in sufficient numbers for the post (s) concerned at the normal salary for a job of that weight.
- 6.4 **Reckonable Service** – is any previous employment in the NHS or listed recognised organisations (see [Section 15](#))

7. ROLES/RESPONSIBILITIES/DUTIES

7.1 Lead

The Senior Leadership Team is responsible for:

- Ensuring the fair and equitable application of this policy
- Providing advice in relation to the application of this policy

7.2 Employees

New appointees are expected to provide all relevant information/evidence of previous service and salary details to establish the correct starting salary and reckonable service.

7.3 Line Manager

Recruiting managers are responsible for ensuring that all offers made comply with this policy.

7.4 Human Resources

The Human Resources Team will provide advice and support on all aspects of this policy to ensure application and support.

8. IMPLEMENTATION

This policy will be published on the CCG website and all staff will be made aware of its publication through communications and team meetings.

9. TRAINING & AWARENESS

A copy of the policy will be available on the CCG website. Guidance and support will be provided to all Line Managers, by the HR Team, in the implementation and application of this policy upon request. Training needs will be identified via the appraisal process and training needs analysis.

10. MONITORING AND EFFECTIVENESS

- 10.1 Records (of [Appendix 1](#) and [2](#)) will be kept in all cases where non NHS service is taken into account in determining a starting salary and recognising reckonable service. These records will be cross referenced with ESR Equality and Diversity monitoring to ensure a consistent approach across the organisation and where it is identified that the application of the policy is not consistent, appropriate action will be taken.
- 10.2 The implementation of this policy will be audited at appropriate intervals and reported to the CCGs Senior Leadership Team.

11. POLICY REVIEW

The policy and procedure will be reviewed after 3 years for the CCG Governing Body in conjunction with Trade Union representatives. Where review is necessary due to legislative change, this will happen immediately.

14. PROCEDURE - STARTING SALARY

This procedure applies to individuals joining or re-joining the NHS as well as transferring from one NHS organisation to another. The procedure aims to set out clear and fair principles for determining the starting point at which new starters commence on the Agenda for Change Pay Band associated with their role.

14.1 GENERAL PRINCIPLES

- i. The general principle is that new starters should start on the bottom of the scale and thereafter progress through pay band 'gateways' in accordance with Agenda for Change.
- ii. Any deviation from this must be investigated on a case by case basis to ensure that the principles of fair pay both within equal pay legislation and within the National agreement on Terms and Conditions are followed. Each case should be discussed with a HR representative to ensure consistency across the organisation.
- iii. Where there is a break in service, depending on the length of the 'gap', this service may be counted in full, in part or not at all towards [incremental pay step](#) credit.
- iv. Where a recruiting manager believes there is sound business reason for appointing to a higher [incremental pay step](#) point, they must provide clear, documented reasons for giving [incremental pay step](#) credit and seek approval at Director level ([Appendix 1](#)) prior to the start date. Requests will not be considered after the start date.
- v. Recruiting managers should ensure that the new starter is aware of the whole remuneration package, including pension scheme, other benefits, hours of work and generous annual leave allowance as particularly for non-NHS appointees, these factors will often make NHS employment more attractive to candidates. Verbal offers of employment should not commit to a starting salary above the bottom of the scale.
- vi. Any additional payments such as unsocial hours, overtime or recruitment and retention premia should NOT be taken into account in the determining of a starting salary.

14.2 APPOINTMENT OF NEW STAFF JOINING THE NHS FOR THE FIRST TIME OR RE-JOINING THE NHS

- i. Offers will normally be made at the minimum of the relevant pay band for those who have had no or less than 12 months' aggregated previous relevant experience of the role to which they are recruited.
- ii. Current salary should NOT be used as a way of determining starting salary, but may be a factor in deciding to take the level of any relevant previous experience into account.
- iii. **Directly relevant** experience, at the same level of responsibility as, or higher than the new post, may be taken into account in determining starting salary. Only whole years of experience should be credited when the knowledge, skills and experience are directly transferable. Experience at a higher level may not be directly relevant. Where experience is not like for like, e.g. a registered nurse working in a nursing home, it may

be appropriate to consider the experience and assess what element is directly relevant to the post appointed to.

- iv. Documentary evidence must be provided for any periods of employment that count towards a higher than the minimum starting salary.
- v. In all cases where a new member of staff is appointed on a starting salary above the minimum point of the pay band the recruiting manager must be able to justify the basis for incremental pay step credit and must first obtain approval from the relevant Director. No employee will be put on the payroll above the minimum of the scale unless a signed [Appendix 1](#) form is attached to the starter documentation.
- vi. Managers must also ensure that new starters are not placed on a point on the band that would put them in a better position than existing staff with the same or similar experience or those who have gained similar experience within the NHS.
- vii. New staff appointed from outside the NHS will have an incremental pay step date of the anniversary of their NHS appointment.

14.3 NEW STAFF TRANSFERRING FROM WITHIN THE NHS (INCLUDING THE CCG)

i. Staff Moving to the Same Pay Band

Staff who transfer to a post on the same pay band will remain on the same salary point with the same incremental pay step date.

ii. Staff Moving to a Higher Pay Band

a. **Permanent Movement to Higher Pay Band** - Employees appointed to a higher pay band will start on the minimum of the pay band. If this point is lower or equal to their current salary, they will receive a pay increase to the first point on the band which would deliver an increase to pay. The anniversary date of any promotion becomes the employee's pay step date, except for professional roles covered by Annex 20 of the NHS Terms and Conditions of Service who will retain their original pay step date.

~~a. **Permanent Movement to Higher Pay Band** - Employees appointed to a higher pay band will start on the minimum of the pay band. If this point is lower or equal to their current salary, they will receive a pay increase to the first point on the band which would deliver an increase to pay. The anniversary date of any promotion becomes the employee's incremental date.~~

b. **Temporary Movement into a Higher Pay Band** - Employees appointed to a higher band on a temporary basis should start at the minimum of the new pay band or, if this would result in no pay increase the first pay point in the band which would deliver an increase in pay. Refer to other relevant policies for further information.

Where temporary movement into a higher pay band results in only one extra pay point the incremental pay step date remains the same. Where temporary

movement results in more than one extra pay point the incremental pay step date for the period of the temporary movement becomes the date the movement began.

Comment [DJR2]: new content for NL

iii. **Staff Moving to a Lower Pay Band**

- a. **Same area of work** – There are various reasons why a member of staff may wish to voluntarily take a lower graded post but in the same field of work. In such cases, employees appointed to a lower pay band will remain on their current spine point. If this point does not fall within the new pay band, they will start on the maximum spine point of the new pay band. Individuals will retain their existing incremental pay step date.
- b. **Staff Moving to a Different Area of Work** - Sometimes individuals decide to move to a new post within a different area of work of their own volition e.g. a clinical person applying for an office based role. In these cases the starting salary will normally be the minimum of the relevant pay band and may involve a decrease in salary for an individual. The starting salary may take into consideration the knowledge and skills required for the post (see Sections [14.2 iii](#)) and [14.2 v](#)). However, it would not be the case that they would automatically be entitled to keep their existing salary. This also applies in cases where the member of staff is moving to the same band in a different area of work.

Where an individual re-trains in a different area of work for wider service or operational reasons i.e. not of their own volition, with the explicit agreement of the CCG their existing level of pay should be protected in line with the CCG's protection arrangements.

- iv. **Staff Moving to a Lower Pay Band and later Moving Back to Original Band** - In some occasions staff may voluntarily move to a lower band and later they may return to the higher band. In these situations the new salary should be calculated by using the same rationale as out lined in [Section 14.3 ii](#)).

14.4 **APPOINTMENT OF STAFF TO THE NHS 'BANK'**

- i. Offers will normally be made at the minimum of the relevant pay band for those who join the NHS 'Bank', unless an individual has been employed previously in the same role (permanent/temporary/fixed term) within the NHS, in which case they will be appointed on their most recent pay point. This will not apply if an individual has returned following an absence period of over 12 months in which case the recruiting manager will appoint them to a point which reflects their knowledge and previous experience, as in [Section 14.2](#)
- ii. All staff will have an incremental pay step date of the anniversary of their appointment to the Bank

Comment [DJR3]: previously contained within from appendix 1 9recknonable service guidance)

15. **RECKONABLE SERVICE**

15.1 Reckonable Service is any previous employment in the NHS or listed recognised organisations (refer to [Section 12](#) of the NHS Terms and Conditions of Service Handbook).

Comment [DJR4]:

Comment [DJR5]: hyperlink replaces duplicated information from 'Reckonable Service Guidance' previously included in appendices.

15.2 Reckonable Service applies to individuals returning to the NHS, transferring within the NHS or joining the NHS with service from one of the recognised organisations listed below:

i. NHS Employment

For the purposes of NHS reckonable service, the following organisations shall be regarded as NHS employment:

England:

NHS England
Clinical Commissioning Groups
NHS Trusts including Foundation Trusts
Special Health Authorities
The Health and Social Care Information Centre
National Institute for Health and Clinical Excellence
Health Education England (HEE)

Northern Ireland:

Health Boards
Trusts
Special Agencies
Public Health Agency
Business Services Organisation
Patient and Client Council

Scotland:

Health Boards
Special Health Boards

Wales:

NHS Trusts
Local Health Boards

and any predecessor or successor of the above organisations.

ii. Additional Recognised Organisations.

In addition to service with the NHS, for the purposes of annual leave, the CCG includes service with the following organisations:

- GP Practice or NHS Dentist working exclusively on NHS Work
- County Council / City Council / Social Services.
- The Department of Health
- Social Enterprise delivering NHS services

Employers have discretion to take into account any period or periods of employment with employers outside the NHS, where these are judged to be relevant to NHS employment.

15.3 For service with the above additional recognised organisations to count, **previous service needs to be comparable and in highly relevant roles.** For these purposes, a highly relevant role is defined as a role which is within the same area of work to which they have been recruited to, e.g. children's services, finance, health or social care records, therapy. Guidance from a HR Representative should be sought to confirm whether a role is deemed to be highly relevant.

15.4 ~~Service in the Additional Recognised Organisations is not recognised for the purposes of sick leave or redundancy.~~

Formatted: Normal

Comment [DJR6]: new for ERY

Comment [DJR7]: new content for NL

15.45 Any reckonable service must be recorded using the 'Determination of Previous Service' form ([Appendix 1](#)). This form should be completed by the new employee and signed by the manager to confirm that they have seen evidence of all reckonable service, and then sent to payroll with the new employee's starter documents and a copy placed on their personal file.

15.56 Calculating Reckonable Service

The rules for determining entitlement for redundancy, maternity, sick pay and annual leave are different, so this guidance is designed to set out the rules for calculating reckonable service under the different circumstances which may arise.

- **Annual Leave** –all previous period(s) of NHS service or service with a listed recognised organisation may be aggregated and count as reckonable service towards the employee's entitlement to annual leave, regardless of any breaks in employment. The previous experience within an additional recognised organisation must be in a comparable and highly relevant role.
- **Sick Leave** – previous period(s) of NHS service (only) will be counted towards entitlement to sick leave/pay where there has been a break in service of twelve months or less.
- **Maternity Leave** – employees can have a break in service of three months or less and not affect their entitlement to maternity leave. Employees must have twelve months continuous NHS service at the beginning of the eleventh week before the expected week of childbirth in order to be eligible for Occupational Maternity Pay.
- **Redundancy** –to be eligible for a contractual redundancy payment there must not have been a break in NHS service of more than a week (7-days, measured Sunday to Saturday) between periods of employment.
- **Incremental Pay Step Date** – for newly appointed (including those with a break in service) or promoted staff the [incremental pay step](#) date will be the date they take up their post. All other staff retain their current [incremental pay step](#) date.

All other terms and conditions of service - For these purposes, the CCG will include employment with a break in service of up to a maximum of 3 months at any one time, unless otherwise stated.

15.7 For the purposes of calculating entitlements, the following *do not count* as a break in employment:

- Maternity Leave
- Paternity Leave
- Annual Leave
- Parental Leave
- Adoption Leave
- Sick Leave
- Carer / Compassionate Leave
- Career/Employment Break.

- 15.8 All contractual entitlements will accrue as normal during all of the above periods of absence, **except** during the Career/Employment Break. An employee returning from an Employment Break will receive the same entitlements they had accrued before they started their Employment Break. Pay progression will continue as normal during Maternity / Adoption Leave, Birth Leave, Sick Leave, Annual Leave, Carer / Compassionate Leave and Parental Leave, but not during an Employment Break. An employee returning from an Employment Break, or other special leave, will resume their pay progression from the point at which they started their leave.
- 15.9 When an employee TUPE transfers out of NHS employment to a non NHS employer and then returns to NHS employment, their continuous service with the non NHS employer will count as reckonable in respect of NHS agreements on sick pay, annual leave and incremental pay step credit.
- 15.10 Any service with the NHS Bank is counted as reckonable service when the employee has worked for a minimum of 12 months and has worked at least 488 hours. For all entitlements, the above definition equates to one year's service and only full years may be counted.
- 15.11 For additional guidance or support, please contact a HR Representative.

16. TUPE TRANSFER

Staff who have previously worked for the NHS may have been TUPE transferred into a non NHS organisation. The CCG have agreed to recognise service as continuous and reckonable providing:

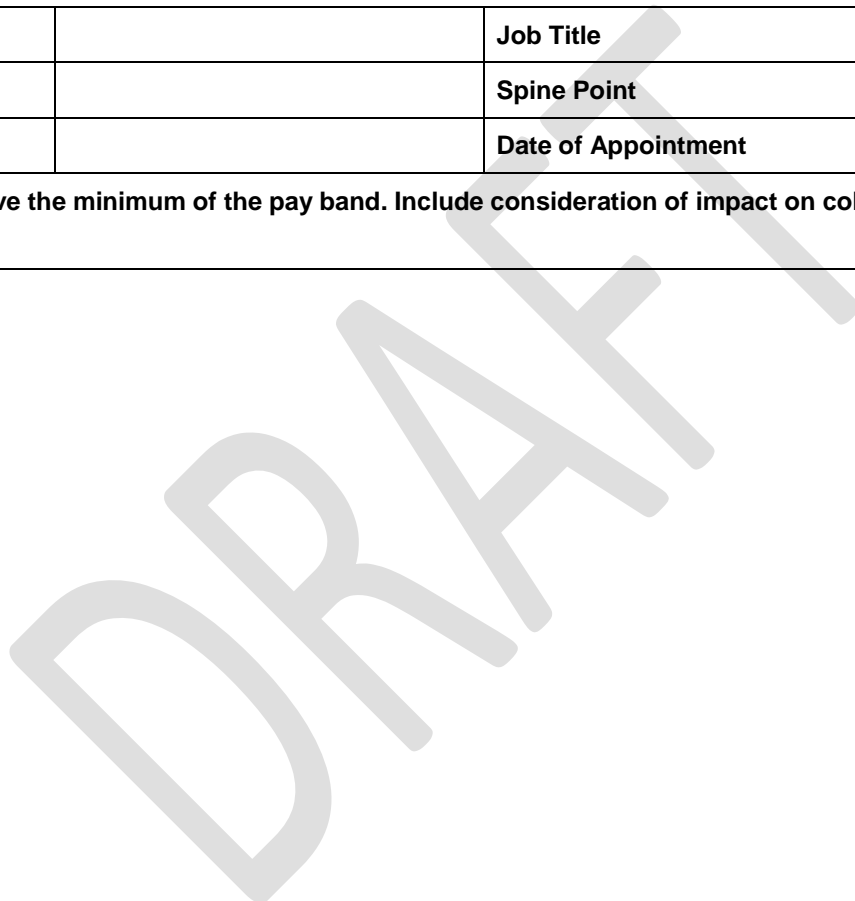

1. The individual TUPE transferred to the non NHS organisation (and therefore had no choice over the move)
2. The individual remains in the role in which they transferred to the non NHS organisation on. If individuals move into a different role within the TUPE transferred organisation as a result of Suitable Alternative Employment (SAE) which has been imposed on them, the CCG may also recognise this service. If an individual has voluntarily chosen to change jobs within the TUPE transferred organisation then this will not be recognised.
3. The TUPE transfer was within a three year period of joining the CCG (with no breaks).

APPENDIX 2 - DETERMINATION OF PREVIOUS SERVICE

In all cases, appointees will need to provide documentary evidence of any employment they wish to be considered as reckonable service, e.g. an offer letter or contract of employment, payslips, P60 or a letter from the employing organisation. Employees may state their reckonable service on the form below and provide the necessary documentation at a later date. However failure to provide this information or provision of incorrect information will lead to appropriate adjustments being made. If employees do not wish to sign a statement to this effect, they will receive the minimum entitlements until they provide the relevant documentary evidence, at which point any entitlement will be backdated appropriately.

The Starting Salaries Policy identifies those organisations which are recognised for the calculation of previous service. Please note that any breaks in service may mean that previous employment is not included for the purposes of certain entitlements.

Please give details of relevant previous service below:

Start Date	End Date	Job Title	Salary	Band & SCP	Organisation	Evidence
			£	Band: Point:		
			£	Band: Point:		
			£	Band: Point:		
			£	Band: Point:		

At the time of, or within 6 weeks* of, the submission of this form, you must submit a written statement of employment from a previous organisation to your manager, in order to confirm the information. Failure to submit this or contradiction of any information provided may result in an overpayment of salary or a more generous entitlement under the terms and conditions of service. If so, you will be informed of the discrepancy and it will be recovered appropriately.

Please Note, current salaries *will not* be used as a way of determining starting salary, but *may be a factor* in deciding to take relevant previous experience into account. Managers must ensure that new starters are not placed on a point on the band that would put them in a better position than existing staff or those who have gained similar experience within the NHS.

Any queries should be referred to a HR Representative to ensure consistency across the organisation.

*this time period may be extended in exceptional circumstances

I wish to have my entitlements and starting salary determined under the method outlined above. I understand and agree that any overpayments resulting from the application of this method will be recovered in accordance with the Overpayments Policy.

Assessing Impact

**Is this policy (or the implementation of this policy) likely to have a particular impact on any of the protected characteristic groups?
(Based on analysis of the data / insights gathered through engagement, or your knowledge of the substance of this policy)**

Protected Characteristic:	No Impact:	Positive Impact:	Negative Impact:	Evidence of impact and, if applicable, justification where a <i>Genuine Determining Reason</i> ¹ exists (see footnote below – seek further advice in this case)
<p>It is anticipated that these guidelines will have a positive impact as they support policy writers to complete meaningful EIAs, by providing this template and a range of potential issues to consider across the protected characteristics below. There may of course be other issues relevant to your policy, not listed below, and some of the issues listed below may not be relevant to your policy.</p>				
Gender			✓	<p>Potential Negative Impact-female employees. AfC provides for incremental progression through salary bands which is maintained on transfers within the NHS. Appointees from outside the NHS can similarly benefit from their relevant years of service being taken into account in determining appointment salaries. This policy therefore potentially favours employees who have fewer employment breaks as they will have more years of service but this is a long-standing and agreed practice for recognising relevant experience, knowledge and skills and is subject to review of performance.</p> <p>Breaks in employment can lead to women having less service due to caring responsibilities. This is potentially a negative impact. However this is mitigated by a range of other employment policies that allow flexibility in hours of work and leave arrangements to reduce the need for employment breaks and allow staff to continue to progress through the pay bands. In addition robust recruitment processes will ensure that capability to perform a role rather than length of time in the role support a good appointment.</p>

				NHS can similarly benefit from their number of years of directly relevant experience being taken into account in determining appointment salaries. This policy therefore potentially favours older employees as they will have more years of service but this is a long-standing and agreed practice for recognising relevant experience, knowledge and skills and is subject to review of performance. Age is not taken into account when the decision to shortlist and/or interview is taken, as this information is not available to the recruiter at that stage. Once appointed a younger employee may be on a lower point on the pay scale, having less years of service/experience than an older employee doing the same role. However, increment payments are made consistently to all employees and progression through incremental pay points are conditional on individuals demonstrating they meet performance requirements. During recruitment, AfC requires that “Emphasis should be placed on quality, rather than length of experience, and consideration should be given to experience gained outside paid employment” (Para 31.7) i.e. quality of experience not the age of the applicant.
Race / ethnicity / nationality	✓			The policy is in line with agenda for change terms and conditions and application of the policy is fair and consistent regardless of race and therefore does not have a negative impact on this protected characteristic.
Disability	✓			The policy is in line with agenda for change terms and conditions and application of the policy is fair and consistent regardless of race and therefore does not have a negative impact on this protected characteristic.
Religion or Belief	✓			The policy is in line with agenda for change terms and conditions and application of the policy is fair and consistent regardless of race and therefore does not have a negative impact on this protected characteristic.

Action Planning:

As a result of performing this analysis, what actions are proposed to remove or reduce any risks of adverse impact or strengthen the promotion of equality?

Identified Risk:	Recommended Actions:	Responsible Lead:	Completion Date:	Review Date:
The application of this policy should be regularly monitored to ensure a consistent approach	1. Annual audit of pay to review all decisions to appoint staff above the minimum of the scale to ensure consistency and to monitor impact and assess whether any further action is required in any protected group including those risk identified under age and gender.	Head of HR		
	2. These records will be cross referenced with ESR Recruitment and Equality and Diversity monitoring to ensure a consistent approach across the organisation			
	3. Any deviation from this policy and procedure must be investigated on a case by case basis to ensure that the principles of fair pay both within equal pay legislation and within the National agreement on Terms and Conditions are followed.			
	4. Recruitment decisions should be routinely monitored and reviewed to ensure a fair, transparent and competency based approach has been demonstrated.
