

**PLANNING & COMMISSIONING COMMITTEE
MEETING HELD ON 1 MARCH 2019
CHAIR'S UPDATE REPORT**

INTRODUCTION

This is the Chair's report to the Clinical Commissioning Group Board following the March 2019 Planning and Commissioning Committee.

STRATEGY

6.3 PROJECT EXCEPTIONS

The Strategic Lead Children, Young People & Maternity advised the Transfer of Community Paediatric Medical Service from CHCP to HUTHT was in process. The final contract agreement from HUTHT and the final the Service Specification and Service Development Improvement Plan was awaited. Weekly meetings had been scheduled with NHS Hull CCG, NHS East Riding CCG, HUTHT and CHCP to ensure transfer within agreed timescale of 1 April 2019 and continuity of service was achieved.

Children's Speech and Language Therapy (SLT) Service. - Demand and waiting times had increased slightly (807 in total December 2018 to 812 February 2019) despite recruitment to core and additional posts. Further clinical assurance regarding review management of the waiting list was awaited. Service remodelling was in progress and led by the Clinical Director. Additional work was being progressed with the Local Authority.

The work regarding children's neurodisability/neurodevelopmental service redesign aims to develop a single virtual and system-wide model that would realise service efficiencies and improve outcomes and experience of children and their families in the longer term.

A meeting was to be held with Humber Teaching Foundation Trust to review all services and ensure patients were not bounced around the services provided.

6.4 A & E DELIVERY BOARD

The Director of Integrated Commissioning provided a verbal update on the A & E Delivery Board.

There had been a 28% reduction in admissions due to the Integrated Care Centre (ICC) outreach team.

Hull University Hospital NHS Trust (HUTHT) were performing at 78% against the 4 hour wait target at the end February 2019, an action plan had been implemented to move performance up to the 95% target.

Working patterns within A & E were to be reviewed to be more efficient, there was still a large amount of short term sickness within the department as well as direct admissions not being utilised.

The Deputy Director of Commissioning was participating in a piece of work to envisage what the Primary Care Stream would look like at the beginning of the A & E journey.

6.4b ELECTIVE CARE NETWORK/PLANNED CARE DELIVERY GROUP

The Deputy Director of Commissioning provided a verbal update on the Elective Care Network/Planned Care Delivery Group.

There had been no Elective Care Network meeting since the February Planning and Commissioning Committee.

It was stated the Hull & ERY Planned Care Delivery Group was being reviewed and projects would include:

- 'Outpatient redesign' – this project would encompass consultant to consultant referrals review/reduction, reduction in follow-up numbers, changed methodologies for outpatient appointments – skype, etc., demand management, advice and guidance and referral advice services
- Respiratory – building upon the Hull work and spreading to ERY
- MSK – Physio FCPs and lower back pain pathways
- Diabetes
- Commissioning Policy Alignment

As the projects develop further information would be brought back to the Committee.
