**HULL SAFEGUARDING ADULTS PARTNERSHIP BOARD ANNUAL REPORT
2018/19**

1. INTRODUCTION

The purpose of this report is to:

- a) Share information relating to the functions and activities of the HSAPB.

- b) Demonstrate how NHS Hull CCG is fulfilling its statutory responsibilities in relation to adults with care and support needs who are suffering from or are at risk of abuse and neglect, in accordance with the Care Act 2014 and other associated legislation.

2. BACKGROUND

According to the Care Act 2014, the definition of adult safeguarding applies to an adult who:

- has needs for care and support (whether or not the local authority is meeting any of those needs) and;
- is experiencing, or at risk of, abuse or neglect; and
- as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

The Care Act 2014 also states 6 key principles that underline all adult safeguarding work;

- Empowerment – People being supported and encouraged to make their own decisions and informed consent.
- Prevention – It is better to take action before harm occurs.
- Proportionality – The least intrusive response appropriate to the risk presented.
- Protection – Support and representation for those in greatest need.
- Partnership – Local solutions through services working with their communities.
- Communities have a part to play in preventing, detecting and reporting neglect and abuse.

3. INFORMATION

The HSAPB has a duty to follow legislative guidance contained within the Care Act 2014 with core duties. The guidance states;

- Each local authority must set up a Safeguarding Adults Board (SAB). The main objective of a SAB is to assure itself that local safeguarding arrangements and partners act to help and protect adults in its area.
- It must publish a strategic plan for each financial year.
- It must publish an annual report detailing what the SAB has done during the year to achieve its main objective and implement its strategic plan, and what each member has done to implement the strategy as well as detailing the findings of any safeguarding adults reviews and subsequent action.
- It must conduct any safeguarding adults review in accordance with Section 44 of the Act.

4. RECOMMENDATIONS

The members of the NHS Hull Executive Board are requested to receive this report for information in relation to the functions of the HSAPB and partnership arrangements with NHS Hull CCG.
