## Primary Care Delegated Financial Position M02 20/21

### 1. INTRODUCTION

The purpose of this report is to update the Primary Care Commissioning Committee on the financial position of the CCG within the Primary Care Delegated Budgets.

### 2. BACKGROUND

Committee members will be aware that the nature of primary care contracts is that the funding in the main follows the patients and is negotiated at a national level. This paper provides an update on the year to date (YTD) position for the Primary Care delegated budgets.

### 3. INFORMATION

#### Year to Date Performance

At month 2 the CCG has reported a year to date overspend of £240k within its Primary Care delegated budgets. At this early stage in the year this overspend has been caused by a change in the way the CCG receives its financial allocations from NHS England due to the Covid pandemic.

Currently as a short term measure the CCG has only received allocations to cover budgets for the first four months of the financial year 20/21. This allocation was calculated based on the actual expenditure as at month 11 in the previous financial year and therefore the additional schemes with PCN's, that are new in 20/21, have not been included within the budget calculations.

The CCG however felt to be prudent and accrue these costs in its current financial position, as seen in the table below £239k of the overspend is due to PCN expenditure:

<u>Delegated Primary Care</u>	Month 2 Year To Date Position		
	Budget	Actual	Variance
General Practice - GMS	2,830	2,790	(39)

<b>Sub Total</b>	<b>7,430</b>	<b>7,670</b>	<b>240</b>

#### **4. RECOMMENDATIONS**

It is recommended that the Primary Care Commissioning Committee note or comment, where appropriate on the CCG's financial position.
