<p>PURPOSE OF REPORT:</p> <p><u>Background</u> The Children and Social Work Act 2017 abolished Local Child Safeguarding Boards (LSCBs). In their place a duty was placed upon local authorities, the police and clinical commissioning groups to establish multi-agency safeguarding arrangements. The three partners had an equal and shared statutory duty to publish their new, replacement arrangements by 29th June 2019 and to implement these by 29th September 2019</p> <p><u>Purpose</u> The paper is to provide the NHS Hull CCG Board with the first annual report of the Hull Safeguarding Children's Partnership. An annual report which details the progress following the implementation of new arrangements which came into effect on 20th September 2019 and in replacing the Local Safeguarding Children Board.</p> <p>The Hull Safeguarding Children's Partnership is a requirement to publish its Annual Report and provide an account of its developments, progress and achievements in working within the new arrangements; this also being inclusive of child safeguarding practice reviews and how effective the arrangements have been in practice.</p> <p>The Annual report sets out the clear intentions to strengthen focus on learning and improvement, streamline the partnership 'governance' arrangements, increase shared</p>

accountability and reduce dependence on a central 'business unit'.
