UPDATE ON THE SECTION 75 PARTNERSHIP AGREEMENT 2021/22 INCLUDING THE BETTER CARE FUND AND THE FRAMEWORK FOR 2022/23 COVERING THE BETTER CARE FUND POOLED BUDGET AND FINANCIAL CONTRIBUTIONS TOWARDS THE INTEGRATED FINANCIAL PLAN (ALIGNED FUNDS) IN THE CONTEXT OF THE DEVELOPING INTEGRATED CARE SYSTEM

The Director of Adult Social Care, Hull City Council submitted a report which set out an update to the Better Care Fund pooled budget for 2021-22 and a framework for the Better Care Fund pooled budget and aligned funds (non-pooled) in 2022-23.

The comments of Health and Social Wellbeing Overview and Scrutiny Commission when this matter was considered, were submitted for consideration, and were detailed at minute 41.

The Chief Finance Officer, NHS Hull Clinical Commissioning Group highlighted the comments in the report and that discussion had taken place with the CCG Governing Body.

Members discussed the intention that work would continue in the joint approach that had been established and the importance of funding continuing to be committed to Hull. Members recognised that it would be essential that the interests of the people of Hull are adequately represented through the Integrated Care System so as to ensure that the allocation of funding going forward appropriately reflects the level of need in the City.

	<p style="text-align: center;">budget and the CCG's Continuing Health Care contributions; lead commissioner Hull City Council).</p> <p><u>Reasons for Recommendations</u></p> <ul style="list-style-type: none"> • The Better Care Fund Plan 2021-22 as set out in Appendix 1, has passed regional and national quality assurance as the process provides formal approval that the Better Care Fund Plan is accepted and that it provides formal permission for the commitment of the funds and provides the basis for the Plan for 2022/3 pending the receipt of National Guidance. • The aligned funds (non-pooled) as set out in Appendix 2, have been developed over several years through partnership work between the Council and the CCG and provide the framework for sharing the cost of integrated and joint work between the partners. • The new aligned funds (non-pooled) for Voluntary Sector support and Changing Lives were established during 2021 and provide the framework for support for these areas of activity into the future. • The Care@Home programme is a new initiative that will provide the framework for joint work across the health and care sector building upon the Community Wellbeing Contract, which is in the process of being let by Hull City Council. This will provide the funding structure for enhancing support for those receiving health and care services to enable them to live at home.
