# NHS HULL CCG BOARD ASSURANCE FRAMEWORK

## 1. INTRODUCTION

The CCG has an assurance framework as an essential part of its governance arrangements to ensure that the principal threats to achievement of the organisation's strategic aims and objectives are clearly identified, mitigated and monitored. The Board Assurance Framework (BAF) provides an important source of assurance.

Following the Board Development session held in March 2022 where the approach to the recasting of the BAF was taken the Boards preference was to adopt what was in place for 2021/22, update the existing strategic objectives and associated risks for 2022/23.

## 2. BACKGROUND

The enclosed Board Assurance Framework (BAF) presents the current position against the assessed risks to the CCG's 2022/23 strategic objectives.

As of 1 July 2022, the Integrated Care Board (ICB) will have its own BAF and the relationship between ownership of the strategic objectives and the assurance in relation to those at ICB level, and how 'Place' could support the achievement of these would need to be developed.

## 3. UPDATES

The BAF comprises a total of 12 risks relating to the 9 strategic objectives of the CCG for 2022/23.

The risk ratings within the BAF are broken down as follows:

Risk Category	Number of risks
Extreme	4
High	7
Moderate	1

All risks have maintained their initial risk rating.

### Highest Rated Risks

Risk	Description	Risk Rating		
		Impact	Likelihood	Rating
4	- The most disadvantaged locally continue to experience the poorest health, further exacerbated by disproportionate impact of COVID on these communities	5 x 4 = 20		

7	- Poor outcomes for children requiring health education and care plans experience for users	4 x 5 = 20
---	---	------------

The associated risks, and controls, and assurances against these have been subsequently developed by relevant senior officers of the CCG and reviewed by the Integrated Audit and Governance Committee, prior to submission to the Governing Body for approval.

#### 4. RECOMMENDATIONS

It is recommended that Members approve the BAF provided and comment, as appropriate.
