

**PLANNING & COMMISSIONING COMMITTEE
MEETING HELD ON 6 MAY 2022
CHAIR'S UPDATE REPORT**

INTRODUCTION

This is the Chair's report to the Clinical Commissioning Group Board following the May Committee.

ICOB / CIC GENERAL UPDATE

Committee Members were advised that ICOB and CIC would continue to meet until the end of the NHS Hull CCG on 30th June 2022.

The last meeting of CIC would be held on the 29th June 2022 for discussions to be made.

ICOB would meet on 13th May 2022 to discuss incoming decisions on:

Hull City Council
Sexual Health Commissioning
Domestic Abuse and Safer Accommodation

NHS Hull CCG
Community MSK Services
Integrated Community Services
Community Equipment and Wheelchairs.

ICOB and CIC are reviewing the development of Place arrangements for Hull.

Vulnerable People & LD

Update was given on SMI health checks in Primary Care. At the end of 2021/22 NHS Hull CCG achieved 39.4% against a target of 65%, unfortunately this had slipped back further due to data validation, the final result was 37.3%. Significant resources have been put into an ICB workstream to help delivery within PCNs and to understand what was happening with the data. It was noted that NHS England had returned the data set within 2 days with data validation issues however have not advised what the specific elements were required. For assurance Committee Members were advised that a detail plan was in place with CHCP which was reviewed regularly to ensure the target was reached.
